

The 50 MHz DX Bulletin

Volume 15, Issue 7

July 2004

ISSN 1073-1024

The 50 MHz DX Bulletin was founded by Harry Schools K3HS. It is dedicated to the understanding and utilization of long distance propagation in the 6-meter Amateur band. The current editor and publisher is Victor Frank, K6FV. Subscription rates are \$24 U.S. first class mail, \$27 Canada/Mexico airmail, and \$30 by airmail elsewhere for 12 issues. Circulation matters and DX reports should be sent to Victor R. Frank, K6FV, 12450 Skyline Blvd., Woodside, CA 94062-4554 USA. My Internet address is victor.frank@sri.com. I have a web site that hasn't been updated in a long time for various classes I took at <http://www.qsl.net/k6fv>. The bulletin may be freely quoted, provided that credit is given.

DX Operations

To get this issue out before my vacation, I had to cut short some of the listings, particularly G4UPS's which arrived at the last minute. We'll catch up next month. Most of the listings in this column came from SM7AED's notebook.

Afghanistan: Lance, W7GJ, worked Bob Sutton, YA1RS, on his moonrise June 16 on 6m EME using JT65A. Bob was running an ACOM 1000 amplifier and 1 wavelength long 6 el Yagi. Unfortunately (for the rest of us) he has now left Kabul, but Lance hopes to work him from his future work locations!

Chagos Islands, VQ9LA: Larry, N0QM, should be back in Chagos and plans to start operating again.

Africa Triple Hop DXpedition 2004, 3DA, 7P, C9: Dave/K4SV and Neil/VA7DX return to Africa July 28 and will be active from three DX locations through August 17. They will operate from Lesotho July 29 to August 6, Swaziland August 7-11, and Mozambique August 12-17. Last year's call signs will be reactivated. Equipment has been provided by ZS6WB for meteor scatter and EME operation on 2m and 6m using FSK441 and JT65. Patience will be required because neither operator has much experience in either mode. Oh yes, they are also planning 160-10m operation.

Algeria, 7X0AD: was on 50 MHz June 22-28 and made 2491 QSOs, 1347 on CW and 1144 on phone, with 1935 different stations in 56 DXCC entities.

Gambia, C56BT, C56WL: Look for Josep, EA3BT, and Nuria, EA3WL, to be on 40-6m from July 29-August 4.

Russia, RX3QFM: Vlad is looking for cross band contacts at 1600Z, receiving 50.095 and transmitting 28.875 MHz. He is in grid square KO9100.

Greece, SY2004KF: Look for a group of Greek amateurs celebrating the 2004 Olympic Games (in Athens) to be active now through September 15 from Kefalonia Is. (EU-052) in the Ionian Sea. Six meter operation was indicated as probable.

Italy, IA5/IK0YUJ/p: Look for Riccardo to operate 40-6m from Isola del Giglio (JN52, EU-028) from July 31 to August 7.

Bermuda, VP9/W3CMP: had 384 6m QSOs (after subtracting 60 dupes), 27 DXCC and 4 continents in four days of real operating.

Jamaica, 6Y5IC: Wenty reports that he now active on 6m, but without a yagi, but has worked the east coast and Caribbean with a 40m dipole.

Dominican Republic, HI3/KB2MS: Mark will be active mainly on 20 and 6m from July 29 to August 15.

Dominica, J79KV: Jimmy had 1137 6m QSOs with 941 stations. Of these, 470 were European or African. He indicated 6m was open every single day.

Aves Island:, FK68eq, is about 600 km north of mainland Venezuela. It is 580m long and 150m wide and the highest point is only 3m above sea level. The expedition by Radio Club Venezolano is supposed to be underway now, with Mike, K6MYC, along for 6m. Look for them on 50.103. At the hour and half-hour they will be looking for AF/AS/OC, Caribbean and northern SA, so please refrain from calling then. They plan to return to Venezuela August 8.

Guam, NB6A/KH2: Tack, JE1RXJ, plans to be active on 160-6m from OC-026 on August 6-8.

Beacon News

Alaska, KL7FU: is now operational on 50.069 MHz from BQ11 about as far North as you can get in Alaska. It is running 50W to an omni antenna from near the village of Barrow.

New European beacons: YO1EO in KN04, 50.030; 9A0BHH in JN85jo, 50.030; GB3BAA in IO91ps, 50.016.

John D. Kraus, W8JK, Ph.D., SK

Radio astronomer, antenna designer, cosmic explorer and author John D. Kraus of Delaware, Ohio passed away July 18 at age 94. While he may be best known among radio amateurs for his bi-directional wire beam antenna, the 8JK, his texts *Electromagnetics* and *Antennas* were two of my favorites as an Electrical Engineering undergraduate student. Others include *Radio Astronomy*, *Big Ear*, *Big Ear Two*, and *Our Cosmic Universe*.

John founded and directed the Ohio State University Radio Observatory, for which he designed and oversaw construction of the **Big Ear** radiotelescope on land owned by Ohio Wesleyan University. After a 20-year-or-so life of discovery, the Big Ear fell victim to development pressures and was torn down in 1998.

And so, I mark the passing of two giants. May they long be remembered.

REMINDER, LOGS FOR OUR 50 MHZ DX MARATHON ARE DUE BY AUGUST 15.

June-July 04 DX Reports

The following reports of 50 MHz and higher DX propagation are courtesy of JA1VOK, JH1WHS, YO7VS, G4UPS, C6AGN, VE7SKA, XE2HWB, and postings on the Internet. Apologies to any sources I may have inadvertently neglected.

The first entry is *mmddhhii*, where *mm* is the month, *dd* is the day of the month, *hh* is the hour UTC, and *ii* is the minutes after the hour. The year is understood to be 2004. Symbols just before the call of the reporting station include: V=Video Carrier, I=Inband video sidebands, F=FM audio, B=beacon, C=CW, J=JT44 or FSK441, P=PSK31, R=RTTY, S=SSB, W=mode not mentioned (or both CW & SSB), H=heard only. (BSc) = backscatter.
